CONCERNING THE BOISE TRAGEDY.—We have received a letter from Mr. A. C. Schwatka, of Boise City, concerning the horrible tragedy of which we gave an account yesterday morning. In the details it is not greatly unlike the relation we had of the affair, but as some of the ... are differently stated we publish the material ... of the latter. It says:

"Owing to the excitement incident to such a case, many reports are in circulation, and much speculation ... in. I will give what I consider the most reliable ... and await further developments. About 3 o'clock this afternoon, as Mrs. Burmester (wife of Theodore Bur...er, who is well known in the Willamette valley) was working in her bedroom, she was visited by a hired hand (for the past two years in Mr. Burmester's ... ploy) and was the recipient of ... propositions from him, which were soon followed by repeated blows over the head with a six-shooter. W... ... herself from the ruffian's grasp, she got po... ... of a shot gun near by and snapped two caps. He ... wenced firing upon her then, discharging three ... one of which took effect in the abdomen. He then ... into an adjoining room, set fire to the house, ... out of the kitchen porch and shot himself twice. Mrs. Burmester managed to crawl out of the house just as another hired hand, who was at work in the field, arrived. The oldest child was out in the field also, but ... at the house very nearly as soon as the hired hand, and with a presence of mind astonishing for one of his age, (about 7 years), went into the burning dwelling and hauled his little brother (a year or 18 months old) out in a child's carriage, where he fortunately lay. This ... six miles below this city, on a ranch or farm owned by Mr. Burmester. Messengers were immediately sent to town for medical aid, and the majority of our ph...s and surgeons were soon upon the ground where the sad affair occurred. Drs D. W. Ballard and Wagner being the first to arrive, found Mrs. Burmester still ... ious but sinking rapidly. No hopes are entertained of her recovery. The body of this fiend incarnate was found where stood the kitchen porch, his head ... off, also his legs and arms. His heart ... from his body, ... sight ... the deed committed.

RELIGIOUS INTELLIGENCE.—The *Advocate* says: Bishop ... K...ey has changed the time of the next M. E. ... Conference from August 12th to August 5th.

The National Camp-meeting for this year will be held at ... Lake, Saratoga county, N. Y., commencing on ... day of July and closing on the 16th.

The committee appointed by the Quarterly Conference, ... of Geo. Abernethy, J. F. Caples, and the ... in charge, to hold the elections on lay delegation, (see new Discipline, page 333 for plan of lay delegation) will meet in the basement of the new church to hold said election on Friday, June 11th, at 4 o'clock P. M., and continue until 9 P. M. All members in full connection and not less than twenty-one years of age, are ... to vote.

VERY NEATLY DONE.—A little incident occurred yesterday which shows that one lawyer is about as sharp as another ... if not a little more so. Messrs. A. B. and C. D., ... were canvassing for subscriptions for the ... ... or something of that sort. Espying Mr. E. F., another lawyer, they went after him (by way of a joke, as we suppose) for a contribution. "Certainly, gentlemen," said E. F., "with pleasure." ... he took the little book and put down $5 ... A. B. and C. ... who has lately been employed in the survey of the military road from Dalles to old Fort Boise, reports the entire distance from the Dalles to the terminus, three hundred and thirty and a half miles. Much of the land along the line is of excellent quality for agricultural or pastoral purposes. The following is a table of distances from the Dalles via the survey: To Cross Hollows, 30 miles, to Antelope, 76 miles, to Toll Gate at Burnt Ranch, 104 miles, to Camp Watson, 138 miles, to South Fork, 159 miles, to Canyon City, 192 miles; to Howe's Toll Gate 210 miles, to summit of Blue Mountains, 224 miles, to head of Willow creek, 255 miles; to Emigrant Road, 309 miles, to Snake river opposite old Fort Boise, 330½ miles.

THE RAILROAD TERMINUS.—By the arrival of the steamer *Oriflamme*, it will be positively known where the Railroad Terminus on the Sound will be established, and before long an army of men, equal to that of the grand Pacific Railroad, will be employed, who will build the road with all possible speed. The Depot, without further doubt, will be established at the well known house of KOHN & FISHEL, No. 91 Front street, where the finest, best and most stylish Clothing, Gents' Furnishing Goods and Dry Goods can always be had, at such low prices that the most crabbed purchasers must be pleased.

The May Statement.

The official schedule of the Secretary of [th]e Treasury, showing the condition of the [na]tional debt on the first of the present [m]onth, contains some points which are interesting to consider. Exclusive of the accumulation of interest during the month of [A]pril, the reduction of the debt for that period was $13,586,660 Had the statement on this occasion been made as formerly, that is, without taking account of the accrued interest, the above figures would have appeared as indicating the amount by which the debt was actually diminished during the month of April. But the net accumulation of interest during the month amounted to $7,187,590, which being deducted from the amount by which the principal was reduced, shows the exact reduction of the obligations of the Government for April was $6,399,070. This [is] a very favorable showing, and taken in connection with the reduction for February and March, it indicates that the debt will be steadily diminished at the rate of $75,000,000 to $80,000,000 a year. Indeed this has been about the rate of reduction for the last three and a-half years. In September, 1865, the debt reached its highest point, amounting at that time to $2,757,689,571. On the first of the present month it amounted to $2,529,157,-185. But in this last named sum the bonds issued to the Pacific roads are included, amounting to $56,852,000. This sum deducted from the whole liabilities on May 1st, leaves the direct debt on that date at $2,472,-305,885. The reduction of the direct debt from September, 1865, to May, 1869, a period of three years and eight months, was therefore $285,383,686, or nearly $78,000,000 a year. Can better proof than this be wanted of our ability to pay our whole debt within the course of a comparatively few years? At this rate of reduction the Government will not owe a dollar twenty years from this date. Yet with these proofs before the people and with the fact apparent on all sides that the whole country is increasing in wealth, population and general prosperity with a rapidity never surpassed, if indeed equalled at any former time, there are those who make themselves ridiculous by declaring that the country is going to ruin, by asserting that the debt can never be paid and that it must and will be repudiated. But these persons, let it be observed and remembered, are in every instance, the same who were wont to declare that the rebellion could never be suppressed and that the country could never be reunited. The events of the last ten years do not entitle them to any great celebrity as prophets.

A Review … of the Rebellion.

The Wheeling (West Virginia) Register publishes a long account by a Virginian of the famous Hampton Roads Conference between President Lincoln and Mr. Seward on the part of the United States, and Messrs. Hunter, Stephens and Campbell on the part of the Confederacy, for the cessation of hostilities and the conclusion of peace. It will be [remem]bered that a little previous to this meeting, F. P. Blair, Sr., made a mysterious visit to Richmond. Fayette McMullin, of Virginia, who some years since was Governor of Washington Territory, was at that time a member of the rebel Congress. McMullin relates to the writer of this article in the Wheeling Register that—

Since the war, he was one day in the President's house, in Washington, conversing with Hon. F. Blair, Sr. Mr. Blair told him that soon after McMullin's peace resolution had been introduced into the Confederate Congress, Mr. Lincoln, being extremely anxious to bring about a peace, honorable alike to both sections of the country, and foreseeing and wishing to avoid, the political consequences of the military subjugation of the South, sent him (Mr. Blair) to Richmond to confer with Mr. Davis and learn what arrangement of the difficulties could be made. He was [passed] through the lines of the contending armies and conducted to Mr. Davis' house in Richmond. After a long conversation with Mr. Davis and other prominent gentlemen for whom Mr. Davis sent, and for whom Mr. Blair inquired, Mr. Davis said that he had no proposition to make. Mr. Blair then suggested that Gen. Lee … into Mexico against the French … Gen. Grant would follow and support the movement; that … it would drive out Maximilian; and that the Southern States should name their own terms of reconstruction, every thing short of reconstruction being guaranteed. At Mr. Davis' request this proposition was made in writing, and, after some consultation and reflection, was signed and accepted by him. Mr. [Blair] returned to Washington, and Mr. Lincoln was highly delighted with the success of the negotiation. It was in the hope of consummating this arrangement that Mr. Lincoln and Mr. Seward met the 'Peace Commissioners,' Hons. Stephens, Hunter and Campbell, at Fortress Monroe; but there, to Mr. Lincoln's chagrin, the Committee declared that they had been instructed by Mr. Davis to insist upon the independence of the South, and would listen to no other proposal. And thus the whole affair came to a 'most lame and impotent conclusion.'

The Income Tax List.

We present to-day the income tax list for 1868. It is nearly complete for the whole State. A considerable increase is observed in the a[mount of] incomes since last year, especially in Multnomah county. This shows a gratifying improvement in the aggregate amount of business, and indicates that the State is growing in prosperity. Nearly two hundred persons more pay an income tax in this county for 1868 than paid a like tax in 1867. Heavier incomes in many cases is also noted. There is also a proportionate increase in the number of incomes in Marion and some other counties. Several counties whose people are devoted mainly to farming and not much to trade or manufactures, show little gain. On the whole, the list indicates that our people are making fair progress and in[dicate] a satisfactory improvement in the business of the State.

NEVADA.

Virginia City, May 20.—The remains of Patrick Clooney were got out of the Crown Point mine to-day. He was one of the miners in the 800 foot level in the Kentuck mine and had made his way to the Crown Point shaft, down which he fell 200 feet, lodging on the scaffold on the 1,000-foot level. Little remained of the body but a mass of bones and clothing. He was identified by his watch. The air is yet so bad in the Crown Point as to interfere with operations.

Two deaths from small-pox reported at the County Hospital last night and also several new cases.

The weather is blustering and cold.

Virginia City, May 21.—James Bawden, a workman in the Justice Mine, Lower Gold Hill, fell down a shaft a distance of seventy feet this morning, breaking several of his ribs, his left arm, left thigh, right knee, and making a bad scalp wound on the back of his head, from which he died a few hours after the accident.

A Portuguese named A. J. Prador, working in the Piute Mills, had his head badly injured by the fall of a heavy timber upon him this morning. His recovery is doubtful.

An increase of gas is perceivable in the Crown Point Mine, and fears are entertained that the fire is not all out. A workman to day became badly asphyxiated, fell and cut his head badly, but was got out and revived. A pipe is being connected to send down a … of water.

The Ophir Company have levied an assessment of three dollars per share. The Imperial Empire shaft is now … and … feet; ground favorable for sinking and no increase of water.

DATES TO MAY 20.

The Memphis Convention.

Memphis, May 19.—Delegates to the Commercial Convention continue to arrive and now number 500. The committee on order of business, reported the following subjects for the consideration of the Convention:

First, a Southern Pacific Railroad; second, railroads generally; third, direct trade with Europe; fourth, emigration; fifth, finance and banking; sixth, manufactures and mining; seventh, river levee improvements; eighth, Tennessee river improvements; ninth, river navigation, cities and other improvements; tenth, agriculture and all other business that the delegations from each State represented shall announce. The Chairman of the State delegation shall select one of their number to constitute a committee on each of the above subjects, to whom all resolutions pertaining thereto shall be referred without debate. Also, that in order to expedite business, only twenty minutes shall be allowed the chairman of each committee for debate on any subject, and ten minutes to others. The report was unanimously adopted.

Senator Sprague being present, was loudly called for and addressed the Convention in a brief speech, dwelling particularly on the centralization of money power as in New York, and taking grounds against free trade. He showed that a combination could be formed by England and France for the culture of cotton in Egypt that would eventually drive it from America, unless measures are taken to reform and cheapen labor at the South. His remarks were listened to attentively and were well received.

In the afternoon session resolutions were presented and appropriately arranged for the appointment of a committee to memorialize Congress for Government aid for rebuilding the levees of the Mississippi; for reducing the duty on railroad iron; for making the telegraph part of the postal system; for the appointment of several committees to confer with the Manchester (England) Board of Trade, in reference to the culture of cotton; for an equal distribution of the national currency; for Government aid for the railroad from Washington, through Virginia to Cincinnati for the same for a railroad from Norfolk to Louisville and St. Louis; for the appointment of a committee of three from each State to select a time and place for the meeting of the next convention, which was amended by including a report from the same for the organization of a Commercial Convention on a permanent basis.

Sprague said Congress was ready and willing to grant aid to a Southern Pacific Railroad the same as to others, but owing to the absence of representation from the State of Texas, through which the road would necessarily pass, it had not been deemed proper to … lands to that State, but Congress wanted a route designated. He hoped this Convention would do so. The Convention then adjourned till to-morrow.

Trial of a Murderer.

Louisville, May 19.—John Conly, the negro murderer, was to day taken from the custody of the county jail on a writ of habeas corpus and brought before Judge Cillard, in the U. S. Circuit Court, the object being to place the negro within the jurisdiction of the Federal authorities, under the act of February 5, 1867. Otherwise, the negro would have been executed at the expiration of the reprieve granted by Governor Stevenson. The … will be an argument on motion to remand the negro to the custody of the State authorities.

Heavy Robbery.

Baltimore, May 19.—About 9 o'clock this forenoon, Richard Patterson, delivery clerk at Harnden's Express, took a package of money for delivery to George Howard, in the third floor of a building in Charleston. On entering the room he was seized by two men, gagged and robbed of $16,000. Patterson was locked in. The robbers escaped.

Norristown, Pa., May 19.—Dixon's roofing paper mill was entirely destroyed by fire yesterday; supposed cause, spontaneous combustion; loss, $20,000.

… of the …

Baltimore, May 19.—The Society of the Cincinnati are holding their 86th anniversary at Barnum's Hotel to day, Hamilton Fish presiding. The session is secret.

From Louisiana.

New Orleans, May 19.—Until last night, the adjoining city of Jefferson, though included in the Metropolitan police district, has refused to accept the Metropolitan force, offering firm resistance to every attempt made to exercise the functions of their offices. Last night the Metropolitans of this city mustered to the number of 300, under a captain detailed to take charge of the Jefferson precinct, and made a movement about 10 o'clock on the municipal buildings, which were filled with citizens. A small battle ensued, fourteen were wounded, and two, it is thought, dangerously. Gov. Warmouth called on General Mower for one company of troops, which were furnished this morning and marched quietly to the municipal building, meeting with no opposition, and installed the Metropolitans in possession. The citizens of Jefferson are much excited and the soldiers are still on the ground.

Religious Matters.

Boston, May 19.—The American Baptist Missionary Society held their thirty-seventh annual public meeting to day. The report shows 276 missionaries employed, and says the demands for an increase of effort in the northwest, along the line of the Pacific railroad and on the Pacific coast, and among the Southern freedmen, and in Mexico are urged.

Cuba.

Havana, May 19.—News is received here of the loss of the British ship William Whealy on the 7th inst., on the coast of Cuba, near Quintine.

The proposed trip of Captain General Dulce to Cinco-vida has been postponed for the present.

New York, May 20.—Havana letters say the advices from the recent battle give, as the losses, 1,200 Spaniards and 1,000 Cubans. Another letter states that the Republic of Cuba has been formally established by a Congress held at Quermance, a small town in the central department, twenty leagues from Principe. General Cespedes is elected President of the Republic. Quersada is Commander-in-Chief. M. Quilard is appointed Secretary of State. Cespedes issued a stirring proclamation on assuming the Presidency. He says Cuba has assumed the solemn duty to consummate independence of … the attempt, and in giving herself a democratic government she obliges herself to become republican. This double obligation, contracted in presence of free America, before a liberal world, and what is more, before our own consciences, signifies our determination to be heroes and virtuous Cubans. On your heroism I rely for the consummation of our independence, and on your virtue I count to consolidate the Republic. Be virtuous and you will be happy.

Quesada closes his proclamation to the Cuban army thus: We have to combat with the assassins of old women and children; with mutilators of the dead; with idolizers of gold. Cubans, if you would save your honor and that of your families—if you would conquer forever your liberty—be soldiers. War leads you to peace and happiness. Inertia precipitates you to dishonor.

Baltimore, May 20.—The following officers of the Society of the Cincinnati were elected yesterday: President, Gen. Hon. Hamilton Fish; Vice President, Gen J. W. Syver, of Massachusetts; Secretary, Dr Thos. McLean, of Pennsylvania; Treasurer, Gen. G. W. Scott, of New York. These officers are elected for three years. The Society adjourned to meet in Boston one year hence. Ex-President Franklin Pierce was present as a delegate.

Goldwin Smith on the Alabama Claims.

New York, May 20.—Prof. Goldwin Smith, to whom Mr. Sumner alluded in his speech on the Alabama treaty, delivered a reply to that speech last night. Prof. Smith said he spoke both as an Englishman, still loyal to his country, and also as one hoping to make his home for many years in America. He spoke briefly, reviewed the relations between the United States and England during the late war, then analized Sumner's speech argument by argument. He denied that England, in any way, acted in bad faith. He asserted that the Palmerston Government, like the Gladstone Government, was only anxious to do justice to this country. England is willing to lose Canada when it pleases. Everybody in Great Britain would consider the loss of Ireland a gain. If it could be proved that she would be happier disunited from England, he would vote for her independence; but the English government would never consent to relinquish these countries as an equivalent for such claims as these set up by Sumner. Senator Sumner had not treated England justly. He omitted to state that England rejected the offer of France to join in a political recognition of the confederacy. This was strictly done to effect the escape of the Alabama. Mr. Sumner throughout, was influenced by a hatred of slavery, and lugged his rancor against that institution into every political speech. His taunts against England gave a strong blow at the very men, like Bright and others, who always opposed slavery, and had been the warmest friends of the Union. They would feel its effects, while the tory party, the enemies of America, would be encouraged by his speech. Mr Smith closed with a warm appeal for justice, and was greeted with earnest applause.

Fire in Chicago.

Chicago, May 20.—A fire last night burned

Washington News.

Chicago, May 20.—The Tribune's Washington special says that at a Cabinet meeting, yesterday, it was decided after a full discussion of the eight hour law that it was the intention of Congress to reduce the hours of labor without a reduction of pay. It was therefore decided that in order to prevent an interpretation by the various Departments, the President should issue an executive order prescribing that a full day's work with Government employees should be eight hours, for which he shall receive ten hours' pay.

The Department has prepared a list of counterfeiters pardoned by Johnson. The total number is 1… Ninety one persons convicted of counterfeiting Internal Revenue stamps were pardoned.

More Grief for Democrats.

Baltimore, May 20. Hon J. T. Thomas, Collector of Customs, has appointed two colored men to positions in his office.

Miscellaneous.

Kellogg, merchant from Fond du Lac, died suddenly at his hotel in this city, on Tuesday. It was claimed that he fell down stairs in a fit, but there are some mysterious circumstances connected with the affair.

A Tribune's New York special says that the storm to day caused considerable damage on Long Island and portions of Connecticut.

A challenge will be issued shortly for a grand yacht race along the Atlantic coast, in August or September. All the yacht clubs in the United States will be invited to participate.

The Italian papers announce that Garibaldi has had a fresh attack of illness and his doctors say he is liable to die any moment.

The insanity of Carlotta grows more hopeless. Romero writes from Mexico, April 26th that the canvass for election to Congress is nearly as lively as in the United States. There were rumors of disturbances, however. The Sinaloa rebellion and the Queretaro affair ended with the success of the national Government. Matters generally look brighter than before.

BY ATLANTIC CABLE.

London, May 19.—Minister Jay has left Vienna, via Paris.

The Times continues to discuss the relations of Great Britain and the United States. After speaking of our return toward England in past times, and of the conduct of England during the late rebellion, it says the Americans know that England's conduct was intended to be void of offense. If private opinions or sympathies are to be made the subject of international legislation the Americans must consider what counter charges they are liable to. The wiser course would be to lay aside such matters and confine the negotiations to affairs within the compass of public law.

The Telegraph pursues the same theme. It says: Having made our protest we may be well content to wait. It is undesirable to leave the question open, but in the present condition of feeling no possibility of a speedy and satisfactory settlement is apparent. Beyond the desire to act justly this country has no interest in concluding a convention save that such agreement will protect commerce from such depredations as were committed by the Alabama. The convention being necessarily cordially accepted by the Americans as a full discharge of their supposed grievances, it would be valueless, and the execution of such a compact, if made at the present, exceedingly doubtful. Honest and faithful execution of the position and views of each nation will pave the way to conciliation and settlement.

The anniversary of the Peace Society was held to day. Resolutions were adopted regarding the rejection of the Alabama treaty, and hoping for a settlement. If this country is unable to grapple with the …, reason and Christianity demand that the great Anglo-Saxon nations may interfere and prevent war; also rejoicing in the activity and earnestness of peace societies in America.

Hong Kong advices to the 28th of April are received. Placards had been posted throughout the Chinese Empire denouncing the Christians and missionaries in violent terms. It is rumored that a Chinese officer of high rank in Pekin, in a fit of anger, slapped the French Embassador, Count De Larronde, and the flag over the French Legation had been taken down. The Chinese Government is very uneasy in consequence, and fears further encroachments on Chinese territory by the Russians.

Paris, May 19.—Burlingame has laid before the French Minister of Foreign Affairs a preliminary treaty, similar in substance to that he negotiated with England. Burlingame and the Chinese embassy expect to conclude negotiations with the French Government by the end of next month, and will probably leave Paris about the 21st of July.

Dublin, May 19.—A riot occurred at Trolee. It commenced by a fight between two mobs. The police interfered and the mobs united against the police, who were compelled to discharge their pistols in the crowd with fatal effect. One rioter was killed and a number wounded. The mob then dispersed. One of the police is feared to be fatally injured. Several rioters were arrested.

OUR SAN FRANCISCO DISPATCH.

San Francisco, May 21.—A terrible domestic tragedy occurred to day at the Pacific Melodeon building on Kearney street. James Bennett was fined $500 for beating his wife some few days since, and offered in extenuation that she had been performing as a vocalist in the Pacific Melodeon, contrary to his wishes. They separated this morning. He went to the room of a young woman with whom his wife was living. Not finding her he sent for her. On her coming, he requested that their little daughter should be brought in. Shortly after he drew a revolver and threatened to shoot Mrs Bennett, who rushed from the room. He fired at her, the ball lodging in the door. She ran down the hall screaming for help, and he fired three more shots, one taking effect in her right leg. She fell, and Bennett supposing her killed placed the pistol to his own head and fired. The bullet shattered the skull on the right side but did not touch the brain. He is still unconscious and cannot live. One of the shots fired in the hall entered a room adjoining, burying itself in the clothing of a bed containing a sick woman. Mrs. Bennett's wound is not dangerous.

The coroner's jury in the case of the death of an infant of Mrs. Hylon returned a verdict of death from insufficient nourishment and want of care.

A boy named Cascarl fell a distance of sixty feet, over an embankment on Telegraph Hill, last night, tearing the scalp off the right side of his head and injuring him so that his recovery is doubtful. The custom house officers seized $15,000 worth of opium yesterday, which was being smuggled from the steamer China, stowed away inside of the hulls, sides and bottoms of trunks and boxes.

A movement is on foot to establish a Chinese savings bank in this city.

The Bank of British North America has obtained a judgment against J. C. King, et al, for $25,686 42.

Subscriptions are being circulated to organize an insurance company, to be called the "Oriental Fire and Marine Insurance Co." A capital of one hundred thousand dollars is named. A new bank is talked of, to be called the "Oriental Bank," with a capital of two million dollars.

Mining stocks this morning were generally well sustained.

Stinson, of Salem, Representative to the Grand Lodge of the United States. The law in relation to trials in subordinate lodges was amended so that hereafter all trials will be before committees. The next session will be held in Portland. They close their labors to night.

People Shake—not with fear as to the future of Portland, but with the Ague, which can be cured in six hours and no return of the chills or dumb ague or its kindred ills, by using our celebrated and sure South Carolina Ague Cure. It is sold at the reasonable price of $1 00 per bottle. Call at "The Oregon Dispensary" for your … for they are all pure, fresh and cheap and will be vouched for by the most eminent of the Medical Faculty in the city. Everybody patronizes the "Oregon Dispensary" in consequence of the above fact, and it requires five assistants to attend to the wants of our patrons. LORYEA & KALLENBERG, 73 First street, Portland.

"The Benefit Hat"—This is the coolest Hat that has ever been introduced in this market, and is very much in demand in all tropical climates. The price is low, and it is for sale at Masseo sitra Bros., corner of Front and Morrison streets.

☞ Read H. D. & Co's Ad. in Herald and Daily Oregonian and then the following.

WHY IS IT?
Why Is It? IF "THE 'BUCKEYE' RECEIVED ALL THE first premiums at State Fairs during 1868," WHY IS IT that the OFFICIAL RECORDS of said State Fairs made quite a different showing? and at the last State Fair in Ohio, where the "BUCKEYE" originated, WHY IS IT that notwithstanding a small army of people in the Buckeye interest were on hand to represent a Mower made of Rosewood and Polished Iron, daintily placed on a carpeted platform and were using all the nameless appliances, and leaving no stone unturned to secure the coveted First Prize (thereby retaining its former prestige), again we repeat, WHY IS IT that a "CLIPPER" of ordinary shop finish and represented by a single obscure agent carried off the said First Premium in competition with the "BUCKEYE" and a dozen other leading mowers?
Why Is It? If "the 'BUCKEYE' captured the grand Gold Medal at the great National Trial," concerning which so many changes have been rung—WHY IS IT that it would not be in good taste to ADD that this was some time ago (1866), and THEN only in a "CENTRAL CLASS," as a mower, and that at the same trial in certain other … OTHER machines captured Grand Gold Medals?
Why Is It? If "the 'Buckeye' is acknowledged by ALL the world the best machine invented!" WHY IS IT that at numerous Field Trials, County and State Fairs in 1868, a different verdict was announced; and further, WHY IS IT that in so many of the large grain growing districts east of the Rocky Mountains the Farmers should be unaware of this important fact, and other Patterns besides the "Buckeye" should so largely have the preference?
Why Is It? If "the 'Sweepstake' is the best Thresher extant," WHY IS IT that the sales of some other manufacturer should so greatly exceed those of the "Sweepstakes?" and WHY IS IT that so many of the wheat buyers along the Willamette GIVE THE PREFERENCE to grain threshed and cleaned with the IMPROVED 'CHALLENGER?' And again, WHY IS IT that after all this "fuss" and "blow" brought to bear in favor of the "Sweepstakes," and to make Farmers believe that the sun rises and sets in a "Sweepstake's" Separator; yes, after all this agony, sitting up o' nights and painting "Sweepstakes" and "Buckeye" on boards to adorn Fir Trees along the roadside, WHY IS IT that the Most Intelligent and Experienced Threshers pronounce in favor of the "CHALLENGER"?
Why Is It? If certain "honorable" and "upright" dealers do not aim to mislead the public, WHY IS IT that they advertise themselves as SOLE agents for the genuine Haine's Header?"
We have not space to enumerate several more queries that present themselves, but while we do not wish to detract from the merits of the "Buckeye" or "Sweepstakes," we would caution Farmers not to be HUMBUGGED and MISLED by windy representations garbled reports and statements, but to look about and make a personal examination and comparison of the various IMPROVEMENTS lately made on harvesting machines, before buying. If then not fully satisfied as to which is the BEST MACHINE we will allow any purchaser the privilege of working a "Clipper" alongside of a "Buckeye Mower;" a Dodge's Improved "Ohio and Buckeye" Hand or Self-Raking Reaper and Mower of the new style alongside of a "Buckeye Self-Raker" or a Pitt's "Challenger" alongside of a "Sweepstake;" he agreeing to keep and pay for the machine preferred.
We invite and challenge THIS SORT of competition, not fearing the intelligent farmer's choice. Such trials are more satisfactory to the farmer than all this "claptrap" of prizes awarded and high sounding statements of superiority. More anon.

HOAGLAND'S NEW PATENT SHAFT COUPLING!
W. E. COOPER
HAS PURCHASED THE RIGHT FOR THIS County of the above Patent, and will hereafter use it in the construction of all the Vehicles manufactured at his extensive
Carriage Factory,
Corner of Second and Morrison Streets.
He respectfully refers to the following
CARD.
Having examined the New Patent Shaft Coupling, invented by H. R. Hoagland, we feel pleasure in informing the public that is our opinion it is the safest and best method of connecting shafts or tongues to all vehicles that has ever been used.
It fastens without bolt or screw, and is therefore, easily and speedily separated. It rests on Gutta Percha so as to be entirely free from the rattling sound which so often disturbs restless horses. It is easily changed so that the shafts or tongue may be detached in an instant, and is convenient, safe and secure.
It is easy to change to this style of coupling any buggy or other vehicle now in use, and with small expense. We have come to the conclusion to use this new invention ourselves and recommend its use in all cases. We consider it far superior to the Brewster Patent, heretofore considered the best in use.
